Subject: Dove Creek L.M.O. , N.O.I. Amendment

Dear Wayne:

Attached is a copy of an amendment to the N.O.I. for our L.M.O. at the Dove Creek Quarry. I am hopeful that this amendment will clarify some points that the original Notice may have left somewhat vague, or ill defined. As you may know, we got into a bit of trouble with the Forest over some road improvements and quarry starts at Clarks Basin last year. These improvements and starts were defined at table 1 of the original Notice under "1999 forecast" item # 4. However, the specifics were not real well articulated.

According to my calculations for overall, 2001 year end disturbance at the Dove Creek Quarry, the bond which is in place, in the amount of \$ 27,500.00 should yet be more than sufficient to cover reclamation requirements there. A copy of this amendment has been sent to Donald Peterson, District Ranger, Burley/Twin District for his use and information. Should you require additional information, please contact me at 801-295-0601. Thank you for your assistance in this matter.

Sincerely,

Bill Bown
